GSA ORDER

SUBJECT: Changes in GSA Organization (Central Office)

1. Purpose. This order announces changes in the Central Office organization of GSA.

2. Changes in GSA. Effective immediately:

a. Responsibility for managing the operation of the Federal Information Center (FIC) functions, including setting policies and developing plans and operating procedures for the Center, is transferred from the, Emerging Technologies Center, Office of Service Development, Federal Technology Service, to the Consumer Information Center, Office of Communications.

b. The above change includes the transfer of two positions. Funding of the Federal Information Center will continue under the Policy and Operations appropriation account for fiscal year 2000 and be budgeted under the Consumer Information Center Fund account for fiscal year 2001.

3. Implementing actions. Implementation of this order with respect to employees represented by a labor organization is contingent upon completion of labor relations obligations. Positions affected by this change are subject to normal classification procedures. The Chief People Officer is authorized to cancel this order upon implementation.
